A Mill's Entire Overproduction of White Goods

We have put through several gigantic deals in White Fabrics this summer—as hundreds of our customers can testify—but never have we been able to gather such a vast quantity of desirable white materials as are represented in this purchase of a mill's entire overproduction, which goes on sale tomorrow morning.

The sale consists of about 80,000 yards of crisp, fresh, new White Fabrics—Sheer White Swisses, Linen Cannon Cloth, Dotted Swiss, and India Linens—of every wanted grade of fineness.

White is the reigning favorite, and will hold undisputed sway over fall as well as summer fashions. This fact, coupled with prices less than such qualities sell for at wholesale, makes this the season's most interesting sale event.
